DATE: _____

Focused
on chimney
cleaning, repair,
relining, & family
safety for over
34 years

Our goal:

Provide prompt professional service to our customers and to respect our customer's home, and safety.

Our Reputation:

Since 1973, we have provided expert chimney services to hundreds of customers throughout Berks County. Additionally, we network with most of the local oil and gas heating companies and often we are their recommended chimney service provider. We network with many real estate professionals, insurance adjusters and property managers in the area.

Facts:

- We provide free estimates
- We are fully insured
- Prompt, clean professional service
- Your heating company does not clean your chimney
- The National Fire Protection Association states that chimneys and vents be inspected annually.

A full range of professional chimney and related services:

- **Chimney Cleaning, Repairs, Relining and Replacement**
Leaving your chimney uncleaned and in poor condition can be unsafe and a fire hazard.
- **Masonry Repair**
Chimneys and all masonry structures left in disrepair can be a serious safety hazard making your property open to damages from weather and animal infestation.
- **Residential Dryer Vent Cleaning**
Lint build-up in dryer vents is a major cause of house fires. We clean the vent piping and the lint from inside the dryer!
- **Real Estate Transfer Fireplace Inspection and Certification**
When buying a new home we provide the peace of mind in the knowledge that the fireplace is in proper working condition.
- **Insurance Claim Inspection and Documentation**
Insurance companies and homeowners rely on our expert knowledge for thorough Insurance Claim Inspection in the unfortunate event of a fire.
- **Chim-Scan Video Inspection**
A state-of-the-art chimney inspection camera can record any chimney flaws and defects that are difficult to detect.
